Saunders' Q & A Review for the Physical Therapy Board Examination E-Book

2010-04-23
Saunders Q&A Review for the Physical Therapist Assistant Board Examination - E-Book

2013-12-01

with more than 1,000 study and review questions, Saunders Q&A Review for the Physical Therapist Assistant Board Examination provides the practice you need to succeed on the National Physical Therapy Examination (NPTE) for physical therapist assistants. Questions simulate the format of the NPTE in terms of content and the proportional breakdown of topics and include rationales along with page references to physical therapy textbooks written by physical therapy specialist Brad Fortinberry. This book also includes a companion website offering unlimited test-taking practice plus instant feedback. 1,385 multiple choice questions reflect the format, content, and proportional question breakdown of the National Physical Therapy Examination (NPTE) from the Federation of State Boards of Physical Therapy (FSBPT) as well as the terminology from the Guide to Physical Therapist Practice. Review and study features address the role of the physical therapist assistant focusing on the clinical application of knowledge concepts and principles necessary in providing safe and effective patient care consistent with best practice and include system-specific questions on the musculoskeletal, neuromuscular, cardiovascular, pulmonary, integumentary, and other systems. Practice tests mimic the NPTE, helping you prepare for the NPTE with confidence. Electronic test-taking option enables students to create an unlimited number of unique practice tests and receive instant feedback for answers. Rationales for correct answers include textbook references to help in preparing for the certification exam. Timed format for sample tests simulates the actual examination experience and strengthens your prioritization and time management skills. Content experts provide knowledge and insight across every specialty area covered on the exam for a reliable, well-rounded review.

Therapyed's NPTe review study guide is the profession's 1 best selling guide. Its authors, Dr. Susan O. Sullivan and Dr. Raymond Siegelman, are two of the most distinguished educators in the profession. Our exceptional contributors and item writers include program directors, senior faculty members, board certified specialists, and experienced clinicians. See for yourself why over 8,000 physical therapy students choose Therapyed each year. The 2013 guide prepares students for all aspects of the new 2013 NPTe. The new content outline significantly changes the focus of the NPTe, and our authors, instructors, and item writers have created hundreds of new questions and teaching strategies to help students pass the new exam. For a more detailed overview, take a look at our summary of the new 2013 NPTe. Therapyed's NPTe review and study guide is recognized as the most trusted resource in exam preparation by students, faculty, and practicing therapists throughout the country. The guide includes a comprehensive review of physical therapy content, study and test taking strategies, state licensure information, and three complete simulated exams on CD. All the sample exam items are categorized according to the new content outline, and challenge students to properly prepare for the breadth, depth, and rigor of the new NPTe. Be prepared for the new exam with hundreds of new questions, dynamic new full color design, new critical thinking challenges, new chapter review sections, new illustrations, figures, and tables. Class orders save up to 25%. Create an exam software with hundreds of new questions. Therapyed's exam software is the most advanced in the profession. It provides students the unique ability to create an exam drawing from the entire 600 question database. Students can test their knowledge in specific domains, content categories, and critical reasoning skills. After diagnosing specific weaknesses, students can create a custom exam.
