Essentials of International Relations (Seventh International Student Edition) 2009-03-19 given
that the world has moved well beyond the period of western colonialism and clearly into a durable period
in which non western cultures have gained their political autonomy it is long past time that non western
voices had a higher profile in debates about international relations not just as disciples of western
schools of thought but as inventors of their own approaches western ir theory has had the advantage of
being the first in the field and has developed many valuable insights but few would defend the position
that it captures everything we need to know about world politics in this book acharya and buzan
introduce non western ir traditions to a western ir audience and challenge the dominance of western
theory an international team of experts reinforce existing criticisms that ir theory is western focused and
therefore misrepresents and misunderstands much of world history by introducing the reader to non
western traditions literature and histories relevant to how ir is conceptualised including case studies on
chinese japanese south korean southeast asian indian and islamic ir this book redresses the imbalance
and opens up a cross cultural comparative perspective on how and why thinking about ir has developed
in the way it has as such it will be invaluable reading for both western and asian audiences interested in
international relations theory
