in perilous fight stephen budiansky tells the rousing story of the underdog coterie of american seamen and their visionary secretary of the navy who combined bravery and strategic innovation to hold off the legendary royal navy budiansky vividly demonstrates that far from an indecisive and unnecessary conflict as historians have long dismissed the war of 1812 this forgotten war had profound consequences that would change the course of naval warfare america's place in the world and the rules of international conflict forever never again would the great powers challenge the young republic's sovereignty in the aftermath of the stunning performance of america's navy and privateersmen in sea battles that ranged across half the globe their brilliant hit and run tactics against a far mightier foe would pioneer concepts of asymmetric warfare that would characterize the insurgency warfare of later centuries above all the war of 1812 would be the making of the united states navy even as the war began the nation was bitterly divided over whether it should have a navy at all jeffersonian republicans denounced the idea as a dangerous expansion of government power while federalists insisted that america could never protect its burgeoning
seagoing commerce or command respect without a strong naval force after the war, Americans would never again doubt that their might respect and very survival depended upon a permanent and professional navy drawing extensively on diaries, letters, and personal accounts from both sides. Budiansky re-creates the riveting encounters at sea in bloody clashes of cannonfire and swordplay, the intimate hopes and fears of vainglorious captains and young seamen in search of adventure and the behind-the-scenes political intrigue and maneuvering in Washington and London throughout perilous fight proves itself a gripping and essential work of American naval history. Drawing on his encyclopedic knowledge of the region, Khalidi examines the record of Western involvement in the Middle East and analyzes the likely outcome of our most recent incursions begun as the United States moved its armed forces into Iraq. Rashid Khalidi’s powerful and thoughtful new book examines the record of Western involvement in the Middle East and analyzes the likely outcome of our most recent Middle East incursions. Drawing on his encyclopedic knowledge of the political and cultural history of the entire region as well as interviews and documents, Khalidi paints a chilling scenario of our present situation and yet offers a tangible alternative that can help us find the path to peace rather than empire. We all know that those who refuse to learn from history are doomed to repeat it. Sadly, as Khalidi reveals with clarity and surety, America’s leaders seem blindly committed to an ahistorical path of conflict, occupation, and colonial rule. Our current policies ignore rather than incorporate the lessons of experience. American troops in Iraq have seen first-hand the consequences of U.S.-led democratization in the region. The Israeli-Palestinian conflict seems intractable, and U.S. efforts in recent years have only inflamed the situation. The footprint America follows have led us into the same

author george g mcclellan seamlessly combines history biography and story as he
narrates the early history of our countrys movement from the east to the west
through the eyes of robert mcclellan as he experiences successes and failures along.
the way this story focuses on one small but important piece of the history after the
revolutionary war it tells of real rugged men like mcclellana son of ulster scots.
immigrants born near Mercersburg, Pennsylvania in 1770 who performed tasks in harsh conditions that would be considered dangerous even foolhardy today. Perilous Paths follows the footsteps made by McClellan from his youthful days as an army packer to his exploits as an Indian scout, army ranger, and spy. It details how he fought alongside Lewis and Clark, gained an education in reading and arithmetic for the army quartermaster corps, and then moved west to Missouri and succumbed to the lure of the unknown entering Indian country where he trapped furs and traded with the Indians of what would eventually become the American Midwest. Marking the trials, tribulations, and hardships, this history highlights McClellan's independence of character, the hardships he faced, and his desperate survival against unknown odds with a rugged determination to succeed. Adventure fiction is one of the easiest narrative forms to recognize but one of the hardest to define because of its overlap with many other genres. This collection of essays attempts to characterize adventure fiction through the exploration of key elements such as larger-than-life characters and imperialistic ideas in the genre's 19th and 20th century British and American works like The Scarlet Pimpernel by Orczy and Captain Blood by Sabatini. The author explores the cultural and literary impact of such works, presenting forgotten classics in a new light. The volatile Middle East is the site of vast resources, profound passions, frequent crises, and long-standing conflicts as well as a major source of international tensions and a key site of direct U.S. intervention. Two of the most astute analysts of this part of the world are Noam Chomsky, the preeminent critic of U.S. foreign policy, and Gilbert Achcar, a leading specialist of the Middle East who lived in that region for many years. In their new book, Chomsky and Achcar bring a keen understanding of the internal dynamics of the Middle East and of the...

in this innovative and ambitious global history distinguished economic historian
amiya kumar bagchi traces the global history of human change and survival under the
sway of capitalism since the voyages of columbus writing with extraordinary range
and depth he offers a critical analysis of the history and human costs and
consequences of development in europe and north america and in major regions such as
india china japan and africa bagchi critically characterizes the emergence and
operation of capitalism as a system driven by wars over resources and markets rather
than one that genuinely operates on the principle of free markets his unflinching
examination of the human toll in the periphery as well in the core nations includes
not only economic processes and issues of inequality within and among nations but
also the intertwining of economics and war making on a world scale bagchi s
compelling vision will change the ways in which we think about many of the largest
issues in the world history and development over the past 500 years
exposing the moral and strategic deficits of the obama clinton and kerry approach to
world affairs a perilous path takes a close look at american history while at the
same time providing fresh thought provoking analysis it calls for renewal of the
best american foreign policy traditions which emphasize peace through strength and
human rights anne r pierce tells the fascinating story of obama administration
foreign policy and illustrates its disturbing consequences she shows that president
obama and his secretaries of state expended more effort in improving relations with
dictatorships than in strengthening ties with democracies or encouraging ideas of
freedom with meticulous research pierce documents the administration's decisions and
discusses its worldview she reveals vital information regarding hillary clinton's
tenure as secretary of state providing a cautionary account of what we can expect
from a clinton presidency whoever becomes president a perilous path offers a moral
and strategic compass for both policymakers and the public a perilous path will make
a substantial contribution to the discussion about america's proper role in the
world this book is a must read for everyone concerned about the current state of the
world and interested in charting a better course

A Perilous Path 2016-07-05

diva rethinking of the differing national memories of the second world war in the
pacific in light of recent theories of nationalism imperialism and colonialism div
the electrifying story of abraham lincoln's rise to greatness during the most perilous year in our nation's history as 1862 dawned the american republic was at death's door the federal government appeared overwhelmed the u.s. treasury was broke and the union's top general was gravely ill the confederacy with its booming economy expert military leadership and commanding position on the battlefield had a clear view to victory to a remarkable extent the survival of the country depended on the judgment cunning and resilience of the unschooled frontier lawyer who had recently been elected president twelve months later the civil war had become a cataclysm but the tide had turned the union generals who would win the war had at last emerged and the confederate army had suffered the key losses that would lead to its doom the blueprint of modern america an expanding colossus of industrial and financial might had been indelibly inked and the man who brought the nation through its darkest hour abraham lincoln had been forged into a singular leader in rise to greatness acclaimed author david von drehle has created both a deeply human portrait of america's greatest president and a rich dramatic narrative about our most fateful year

The Perilous Adventures of Quintin Harewood and His Brother Brian in Asia, Africa, and America 1843

the economics profession in twentieth century america began as a humble quest to
understand the wealth of nations it grew into a profession of immense public prestige and now suffers a strangely withered public purpose. Michael Bernstein portrays a profession that has ended up repudiating the state that nurtured it, ignoring distributive justice and disproportionately privileging private desires in the study of economic life. Intellectual introversion has robbed it of the very public influence it coveted and cultivated for so long with wit and irony. He examines how a community of experts now identified with uncritical celebration of free market virtues was itself shaped dramatically so by government and collective action in arresting and provocative detail. Bernstein describes economists’ fitful efforts to sway a state apparatus where values and goals could seldom remain separate from means and technique and how their vocation was ultimately humbled by government itself replete with novel research findings. His work also analyzes the historical peculiarities that led the profession to a key role in the contemporary backlash against federal initiatives dating from the 1930s to reform the nation’s economic and social life. Interestingly enough, scholars have largely overlooked the history that has shaped this profession. An economist by training, Bernstein brings a historian’s sensibilities to his narrative utilizing extensive archival research to reveal unspoken presumptions that through the agency of economists themselves have come to mold and define and sometimes actually deform public discourse. This book offers important even troubling insights to readers interested in the modern economic and political history of the United States and perplexed by recent trends in public policy debate. It also complements a growing literature on the history of the social sciences sure to have a lasting impact on its field. A perilous progress represents an extraordinary contribution of gritty empirical research and conceptual
boldness of grand narrative breadth and profound analytical depth

**Rise to Greatness 2012-10-30**

Perilous States 1993

in perilous paths author george g mcclellan seamlessly combines history biography and story as he narrates the early history of our countrys movement from the east to the west through the eyes of robert mcclellan as he experiences successes and failures along the way this story focuses on one small but important piece of the history after the revolutionary war it tells of real rugged men like mcclellana son of ulster scots immigrants born near mercersburg pennsylvania in 1770who performed tasks in harsh conditions that would be considered dangerous even foolhardy today perilous paths follows the footsteps made by mcclellan from his youthful days as an army packer to his exploits as an indian scout army ranger and spy it details how he fought alongside lewis and clark gained an education in reading and arithmetic for the army quartermaster corps and then moved west to missouri and succumbed to the lure of the unknown entering indian country where he trapped furs and traded with the indians of what would eventually become the american midwest marking the trials tribulations and hardships this history highlights mcclellans independence of character the hardships he faced and his desperate survival against unknown odds
with a rugged determination to succeed

the volatile middle east is the site of vast resources profound passions frequent crises and long standing conflicts as well as a major source of international tensions and a key site of direct us intervention two of the most astute analysts of this part of the world are noam chomsky the preeminent critic of u s foreign policy and gilbert achcar a leading specialist of the middle east who lived in that region for many years in their new book chomsky and achcar bring a keen understanding of the internal dynamics of the middle east and of the role of the united states taking up all the key questions of interest to concerned citizens including such topics as terrorism fundamentalism conspiracies oil democracy self determination anti semitism and anti arab racism as well as the war in afghanistan the invasion and occupation
of Iraq the Israeli Palestinian conflict and the sources of U.S. foreign policy this book provides the best readable introduction for all who wish to understand the complex issues related to the Middle East from a perspective dedicated to peace and justice.

**Perilous Paths 2012-06-05**

This book is about the great danger America is facing and we the people are totally ignorant as to how or why America has become a godless society. Our religious hostility toward God and traditional religion is so prevalent that even Satan must feel embarrassed. We have become a demonic monster to the world as they see our hypocrisy in action. Our leaders speak with a hollow voice, we elect leaders where character, morals, and ethical values mean nothing as God gives us over to a reprobate mind. Romans 1:28 we see that we fully qualify in all of the wickedness mentioned in Romans 1:18-32. We have now as a nation surpassed wickedness in Noah’s day and Sodom and Gomorrah. A very small portion of born-again Christians is the only glue that is holding America together. God refused to let me say no I do not want to write a book of any kind. I am an eighty-two year old man who has gone through life with a severe hearing loss totally unprepared in the literary challenge of book writing. All I can say to the reader is here it is straight from God’s Holy Spirit. Take it or leave it.

Perilous Chastity 1995

In this innovative and ambitious global history, distinguished economic historian Amiya Kumar Bagchi traces the global history of human change and survival under the sway of capitalism since the voyages of Columbus. Writing with extraordinary range and depth, he offers a critical analysis of the history and human costs and consequences of development in Europe and North America and in major regions such as India, China, Japan, and Africa. Bagchi critically characterizes the emergence and operation of capitalism as a system driven by wars over resources and markets rather than one that genuinely operates on the principle of free markets. His unflinching examination of the human toll in the periphery as well as in the core nations includes not only economic processes and issues of inequality within and among nations but also the intertwining of economics and war making on a world scale. Bagchi's compelling vision will change the ways in which we think about many of the largest issues in the world history and development over the past 500 years.

Perilous Adventures by Land and Sea 1888

In the follow-up to his very successful Black Lies White Lies, controversial talk show host and radio commentator Tony Brown presents a practical plan to reclaim our resources and institutions from a selfish and exclusive power elite at the start of the twentieth century. Argues Tony Brown, the world's economy was hijacked in capitalist and communist countries alike. Elitist groups took control of international trade and national banks with dire results for the ordinary citizen.
ever since capital has moved toward a single inner circle the ruling class conspiracy who monopolize the world’s markets and even its governments for personal profit their stratagems range from the war against drugs to deliberately induced racial conflict among ethnic groups in america none in earnest all carefully designed to preserve a pernicious status quo but tony brown has a remedy his provocative and empowering seven step plan offers an opportunity to break free once and for all from the constricting control of the wealthy and powerful who have run the world for far too long including a point by point program for radical reform of the income tax and a proposal to muzzle the federal reserve bank which exerts unconscionable influence over the lives of every american incendiary and persuasive this book reaches beyond race to claim the high ground of historical logical and moral analysis for nearly half a century of cold war america and the free world were defined by opposition to communism but was this merely a red herring to ensure the domination of the haves over the have-nots read empower the people form your own conclusions and hit the brakes

The Perilous Journey Begins 2015-11-10

there is no reason why america’s withdrawal from iraq should be as dishonest as its intervention has been judged to be brendan o’leary from the preface both the american people and arab iraqis have voiced their overwhelming desire to see u s troops removed from the country how to get out of iraq with integrity argues that the u s military intervention in iraq must come to an end but it must come to an end in a judicious pragmatic and orderly fashion in this book brendan o’leary spells out
why that withdrawal can begin to occur now why it is in the best interests of the united states and the iraqis that withdrawal occur and why iraq can function as a federation once the u s military has left the country how to get out of iraq with integrity provides an in depth analysis of the new iraqi constitution an evaluation of the political goals and powers of the major ethnic and religious groups that will constitute the new iraqi state and an assessment of the regional realities of a saddam less iraq with a viable constitution and other institutional structures already in place iraq is poised for a future as a sovereign state if u s leaders facilitate the remaking of iraq as a federation with four or more regions instead of a recentralized state the united states can begin successfully to remove its forces propelled by this incisive and bold argument how to get out of iraq with integrity provides the foundation for the incoming presidential administration to do just that without betraying u s commitments to arabs kurds or democracy to make his case o leary draws on his extensive background as constitutional advisor to the kurdistan regional government the european union and the united nations along with expertise in constitutional design and ethnic reconciliation in northern ireland and south africa

Perilous Adventures and Thrilling Incidents, and Narratives of Travellers in Europe, Asia, Africa and America, in Various Periods of History 2015-11-06

this book analyzes the values divide in modern america by examining the different
values at stake in major policy areas such as the war in iraq where traditional reasons for going to war have been usurped by the bush doctrine of preemption

This first book length critical analysis of Kennedy’s public address defines how he aroused Americans to rise to the opportunities and challenges that he defined for them. This rigorously researched study offers an in-depth analysis of the development of President Kennedy as a public speaker and a balanced view of his civil rights, foreign policy, presidential and other types of speeches. Eight speech texts accompany the analysis. This reference and teaching tool also offers a selected chronology of major speeches along with a bibliography of important primary and secondary sources designed for students, teachers, and professionals in the fields of rhetoric, political communication, presidential studies, and American history.

The Puritan in Holland, England, and America 1893

A powerful life-affirming true story begins like a fairy tale come true when attractive assertive and well-educated Patty Sutherland meets a handsome prince from Malaysia and they fall in love at his insistence. Patty converts to the Muslim faith so they can marry. They settle on an idyllic island resort he owns in the South China Sea. Soon their happiness is enhanced by the birth of a daughter and later a son. But as time passes, Patty begins to see another dimension of the man and the family into which she married. They are violent, amoral, and involved with the Muslim extremist group which consorts in secret to bring down the West. Realizing she and her children have to get away, Patty tells her husband the marriage is over. Immediately he snatches the children’s passports and demands Patty leave the country alone or he...
threatens he will have her and the children killed in the next years as she travels between america and malaysia trying to get custody patty sees that even with the excellent lawyer she has hired there will be no justice since the all powerful islamic clergy close to her husband rule the religious court system finally patty realizes the only way to rescue her children is to smuggle them past the extremists guarding them and she begins to plan as the story accelerates with chilling momentum their escape to freedom a perilous journey

Commentaries on Equity Jurisprudence, as Administered in England and America 1870

a christian theological interpretation of the border reality is a neglected area of immigration study the foremost contribution of a promised land a perilous journey is its focus on the theological dimension of migration beginning with the humanity of the immigrant a child of god and a bearer of his image the nineteen authors in this collection recognize that one characteristic of globalization is the movement not only of goods and ideas but also of people the crossing of geographical borders confronts christians as well as all citizens with choices between national security and human insecurity between sovereign national rights and human rights between citizenship and discipleship bearing these global dimensions in mind the essays in this book focus on the particular problems of immigration across the u s mexico border the contributors to this volume include scholars as well as pastors and lay people involved in immigration aid work daniel groody has also produced a documentary on immigration dying to live a promised land a perilous journey offers a
rich interdisciplinary treatment of the subject of migration showing the human face of contemporary migration as a global phenomenon the authors explore historical antecedents in biblical and early church history the political debates about borders and the right to migrate and the role of race ethnicity and gender in the perilous journey of migrants this is an indispensable text for all interested in the theology of migration and the ethics of migration policy william o neill s j jesuit school of theology berkeley at times saddening at times inspiring a promised land a perilous journey brings fresh perspectives to the discussion of immigration these essays reach beyond the policy debate and the heated emotions of the moment and provide much needed reflection on larger truths roberto suro university of southern california
