succession wills and probate is an ideal textbook for those taking an undergraduate course in this surprisingly vibrant subject and also provides a clear and comprehensive introduction for professionals against an account of the main social and political themes of succession law the book gives detailed explanations of core topics such as alternatives to wills and the making altering and revocation of wills it also explains personal representatives and how they should deal with a deceased person s estate and interpret and implement the will gifts may fail estates may be insolvent or a person may die intestate without a will at all increasingly relatives and others seek to challenge the will for example on the grounds of the testator s capacity or under the law of family provision this third edition is edited updated and revised to take account of new legislation and case law across all the relevant issues including a new final chapter dealing with the potentially contentious issues that are becoming more central to professional work in the field of succession

*A Treatise of the Law of Property 1849*

how four revolutionary ideas from the enlightenment shaped today s world this panoramic book tells the story of how revolutionary ideas from the enlightenment about freedom equality evolution and democracy have reverberated through modern history and shaped the world as we know it today a testament to the enduring power of ideas the shape of the new offers unforgettable portraits of adam smith thomas jefferson alexander hamilton charles darwin and karl marx heirs of the enlightenment who embodied its highest ideals about progress and shows how their thoughts over time and in the hands of their followers and opponents transformed the very nature of our beliefs institutions economies and politics yet these ideas also hold contradictions they have been used in the service of brutal systems such as slavery and colonialism been appropriated and twisted by monsters like stalin and hitler and provoked reactions against the enlightenment s legacy by islamic salafists and the christian religious right the shape of the new argues that it is impossible to understand the ideological and political conflicts of our own time without familiarizing ourselves with the history and internal tensions of these world changing ideas with passion and conviction it exhorts us to recognize the central importance of these ideas as historical forces and pillars of the western humanistic tradition it makes the case that to read the works of the great thinkers is to gain invaluable insights into the ideas that have shaped how we think and what we believe
