Immaculée continues to pray the rosary every day and marvels at how she is constantly renewed and richly rewarded by rejoicing in this glorious prayer. It has helped her in every aspect of her life from literally saving her life to strengthening her faith and solving family problems, landing a dream job, finding long-lost friends, and even locating lost keys. She received so many blessings from the rosary in fact that she decided to study its history and origins. She soon discovered that it was not just meant for Catholics but that the Virgin Mary promised a life filled with blessings to everyone from any religion who faithfully recited the rosary daily.

This wonderful news that she vowed to share with as many people as she could in the rosary. Immaculée reveals how the rosary's many blessings can be reaped by each and every one of us in this moving and uplifting book. The New York Times bestselling author recounts her personal experience of discovering the power and the beauty of the ancient beads and shows all of us how to enrich our own lives by exploring and embracing the mysteries and promises of the prayer that became her lifeline to heaven. She shares her personal experiences and the stories of others who have found hope and healing through the rosary.

something you need to experience it yourself my goal was to prove that we do have a soul and there is a spiritual reality why i wanted to prove this was because i have had many spiritual events in my life when i was three years old i had a near death experience so i knew i had a soul because i was outside my body and able to travel until i returned to my body however i never told the public until 2010 in an article i wrote for a magazine later in life i found a need within myself to find the answers to my experiences so after many years of studying these events of my own and others including social research of ancient philosophers i found they believed there is a spiritual reality and it was the cause for the physical reality and our world they also believed that there was a higher power that created all there is in both realities metaphysics was their world view so the hope i wish to bring from this book is this if we utilize our soul we will gain the insight to all our problems and be able to solve them here are two quotes from ancient philosophers that have changed my world view on being our true selves plotinus believed that man should reject material things and should purify his soul and lift it up to a communion with the one internet encyclopedia of philosophy good summary of plotinus and his teachings those who obtain divinity become gods but by nature there is only one god but many by participation boethius 480 ad to 524 ad philosophy 100 essential thinkers philip stokes page 82 i believe it is possible to be less materialistic and align our soul with a higher power In writing this book, the author's goal is to help people that have endured their own sufferings of abuse at the hands of another and to help them unravel any damaging and lasting effects that these early traumas have had on their subsequent adult lives. Damaging effects from early childhood traumas are very complex; the author gives people practical and simple guidance toward healing with worldly strategies as well as inspiration, insight, and creation of one's spiritual reawakening. it's the greatest story never told that of a boy who met jesus and dared to ask him all the questions that have consumed mankind since the dawn of time his name was segatashya he was a shepherd born into a penniless and illiterate pagan family in the most remote region of rwanda he never attended school never saw a bible and never set foot in a church then one summer day in 1982 while the 15 year old was resting beneath a shade tree jesus christ paid him a visit jesus asked the startled young man if he d be willing to go on a mission to remind mankind how to live a life that leads to heaven segatashya accepted the assignment on one condition that jesus answer all his questions and all the questions of those he met on his travels about faith religion the purpose of life and the nature of heaven and hell jesus agreed to the boy s terms and segatashya set off on what would become one of the most miraculous journeys in modern history although he was often accused of being a charlatan and beaten as a result segatashya s innocent heart and powerful spiritual wisdom quickly won over even the most cynical of critics soon this teenage boy who had never learned to read or write was discussing theology with leading biblical scholars and advising pastors and priests of all denominations he became so famous in rwanda that the catholic church investigated his story the doctors and psychiatrists who examined segatashya all agreed that they were witnessing a miracle his words and simple truths converted thousands of hearts and souls wherever he went before his death during the 1994 rwandan genocide segatashya continued his travels and conversations with jesus for eight years asking him what we all want to know why were we created why must we suffer why do bad things happen to good people when will the world end is there life after death how do we get to heaven the answers to these and many other momentous life changing questions are revealed in this riveting book which is the first full account of segatashya s remarkable life story written with grace passion and loving humor by immaculée ilibagiza segatashya s close friend and a survivor of the rwandan holocaust herself this truly inspirational work is certain to move you in profound ways no matter what your faith or religious beliefs segatashya s words will bring you comfort and joy and prepare your heart for this life and for life everlasting

the book title the proof is in the pudding means that to fully test something you need to experience it yourself my goal was to prove that we do have a soul and there is a spiritual reality why i wanted to prove this was because i have had many spiritual events in my life when i was three years old i had a near death experience so i knew i had a soul because i was outside my body and able to travel until i returned to my body however i never told the public until 2010 in an article i wrote for a magazine later in life i found a need within myself to find the answers to my experiences so after many years of studying these events of my own and others including social research of ancient philosophers i found they believed there is a spiritual reality and it was the cause for the physical reality and our world they also believed that there was a higher power that created all there is in both realities metaphysics was their world view so the hope i wish to bring from this book is this if we utilize our soul we will gain the insight to all our problems and be able to solve them here are two quotes from ancient philosophers that have changed my world view on being our true selves plotinus believed that man should reject material things and should purify his soul and lift it up to a communion with the one internet encyclopedia of philosophy good summary of plotinus and his teachings those who obtain divinity become gods but by nature there is only one god but many by participation boethius 480 ad to 524 ad philosophy 100 essential thinkers philip stokes page 82 i believe it is possible to be less materialistic and align our soul with a higher power to live like a god serving mankind like others have demonstrated it just might be the best parent member of your community etc or try living your best by practising the st francis prayer in your daily affairs this will allow you to live in wholeness the benefits are great i think my pocket book of hope may help people be more open minded and seek truth

do you think you can make a difference to your own life just by changing the way you think your answer to this might just tell you something about your own view of the world and your receptiveness to positive thinking but it is a topic worth keeping an open mind on and it does warrant further investigation and scrutiny there is a large body of published work on the subject and this collection draws on some it and point up a lot of other ideas and sources it also views the scientific evidence for the principles and the practical outcomes that some people appear to have extracted from using the concept you can make your own mind up on how useful and genuine this all is if you feel your life is going nowhere what have you got to lose

god s grand design by william r arnold edited by ms aurora payad arnold god s grand design is to restore mankind to its original state of sacred perfection after adam and eve fell and created the original sin of disobedience hiding and lying to the lord when god cursed the serpent for tempting adam and eve to be like god he promised to send his only begotten son to save humanity he did via the incarnate word in the womb of the immaculately conceived virgin mary god wants to be man and receive a new body to defeat death through jesus christ man wants to become god to receive eternal life man s journey to become god starts from being an ignorant baby gaining knowledge to a cowardly teenager obtaining courage to an adult converting greed to generosity to a wise man changing selfishness to unselfishness and at last to a free man able to think for himself in eternal service to god in his kingdom the journey requires him to know right from wrong good from evil and god s will from man s will and thus defeat evil worldly temptations and demonic possession through christ god and man are destined to become one through three advents making the god man christ into the new human spirit blessings then the man god jesus becomes the new human flesh to make all things perfect in the sight of god jesus christ came as a priest on a donkey to decode the torah bring knowledge and remove blindness to defeat sin by his death and resurrection he granted free redemption to man s flesh to give him a new body the second coming of jesus christ as thief in the night will bring awakening to remove deafness by teaching god s truths to defeat evil as a just judge on a cloud on his third advent the lord will remove mankind s dumbness to defeat death and then man can become worthy of receiving god s rewards of paradise in heaven or heaven on earth
