The Encyclopedia of African American Education covers educational institutions at every level from preschool through graduate and professional training with special attention to historically black and predominantly black colleges and universities. Other entries cover individuals, organizations, associations, and publications that have had a significant impact on African American education. The encyclopedia also presents information on public policy affecting the education of African Americans, including both court decisions and legislation. It includes a discussion of curriculum, concepts, theories, and alternative models of education and addresses the topics of gender and sexual orientation, religion, and the media. The encyclopedia also includes a reader's guide to help readers find entries on related topics. It classifies entries in sixteen categories: alternative educational models, associations and organizations, biographies, collegiate education, curriculum, economics, gender, graduate and professional education, historically black colleges and universities, legal cases, pre-collegiate education, psychology, public policy, publications, religious institutions, segregation, and desegregation. Some entries appear in more than one category. This two-volume reference work will be an invaluable resource not only for educators and students but for all readers who seek an understanding of African American education both historically and in the 21st century. It contains information on a variety of subjects within the field of education, including statistics, such as the number of schools and colleges, enrollments, teachers, graduates, educational attainment, finances, federal funds for education, libraries, international education, and research and development. Here, for the first time, is a wide-ranging collection of essays by white faculty who explore the unique goals, successes, and challenges they encounter in choosing the unusual position of the other in a higher education environment dedicated first and foremost to the empowerment of black Americans. This book from High Definition Books has the following attractive features: banking examinations, fresh sets of practice papers with solve-ready answers to help students assess their levels of preparation. The papers have been designed impeccably to include all the sections as per the syllabus. Questions of each set in every section have been developed by experienced tutors undertaking faculty roles at responsible positions. Each question set has matching levels of difficulty to give a real-time feel of examination. We hope that our efforts succeed. The motive behind the creation of this book is to be a boon for aspirants appearing for banking examinations. Danny Ruderman has helped countless students successfully apply and get accepted to the colleges of their choice. Now with his step-by-step comprehensive system, he can help you too like having a college guidance counselor by your side. Every step of the way, the ultimate college acceptance system helps you create a winning application. The book includes information on finding the best school for you, including the Ivies, overlooked schools, schools for performing arts, learning disability programs, and schools for students without an A or B average. Learning how to increase your chances of getting accepted, including how to get organized, how to interview, and how to beat standardized tests. How to know if you should apply early, how to appeal a decision, completing the application, including how to fill out the common application, how to write the big essay, and how to compose smaller paragraph essays. How to create a personal resume, how to get strong letters of recommendation, and how to complete financial aid forms. The state of economics statistical information on the whole range of American education is presented in this volume. Coverage ranges from kindergarten through graduate school and is based upon data from both government and private sources. The main part of the book is composed of the following chapters: all levels of education, elementary and secondary education, federal programs, and federal programs for education and related activities...
