guided reading passages guided reading activities passages with text evidence questions for 1st grade information help your students become text detectives this guided reading strategies comprehension packet which includes 15 reading passages is designed to help kids become confident reading levels g and h text and answering text based questions these passages are perfect for close reading lessons four multiple choice questions and three short answer questions are included with each passage as students are learning to use evidence to support their answers
their thinking I have them find and highlight the section of text they use to justify their answer. Two options include color-coded highlighting students highlight the answer to each question in a different color. Numbered highlighting students highlight the answer to each question in a different color.

These questions are also useful for choral reading fluency work and literacy centers. I often have students go on scavenger hunts to find and highlight words with long vowels, words with specific endings, words from our word wall, etc.

The following passages are included:
- The bald eagle
- Otters
- Skunks
- Trees
- King penguins
- The polar bear
- Measuring with paper clips
- Time for school
- The red flower
- The orca
- Sue's painting

Reading comprehension for pre-kindergarten, reading comprehension for 1st grade passages and questions for guided level C-D, guided reading comprehension for pre-K reading comprehension kindergarten books, passages, and questions for guided for prep, kindergarten, first grade. These reading passages with text-based questions are designed to help students transition from guided reading level C to guided reading level D as students work through this pack they use evidence from the text to answer a variety of questions in doing so they participate in their very first simple close reading lessons. This packet includes 30 reading comprehension and skills grade 2 with three questions per passage. Each passage is presented twice in the first set the passages are provided in a standard format. I have students circle the correct answer and also write it on the line in the second set a color-coded crayon is provided in each answer box students use that color to underline the evidence in the text that supports each answer. Also, answer in a standard format supports the following standards: CCSS ELA literacy RI 1.1 ask and answer questions about key details in a text if multiple choice questions are new to your kids I recommend putting simple questions in a multiple choice format. During calendar time or other daily routines I like to give each student a strip of cardstock with a B and C written on it and have them practice answering multiple choice questions by clipping a clothespin on the correct answer. This is an easy fun way for kids to develop confidence answering multiple choice questions once kids are comfortable with the multiple choice format I like to discuss the first few passages with groups and demonstrate how to answer the simple text-based multiple choice questions some of the passages are similar to each other so you can use one passage to teach model and the other to check each student's understanding during independent work. I am finding that with guided practice kids quickly develop the skills they need to be successful reading these passages and independently answering the multiple choice questions these reading comprehension pre-kindergarten passages are based on common sight words. I also have kids find and highlight selected sight words supports the following standards: CCSS ELA literacy RF 1.3g recognize and read grade appropriate irregularly spelled words for beginning of year words. CCSS ELA literacy RF k.3c read common high frequency words by sight. Thank you for looking reading comprehension passages and questions education.
