This House 2021-01-14 For the first time this play first performed in 2012 at the National Theatre is published in the Methuen Drama Student Edition series. It features commentary notes by Nicholas Holden, lecturer in drama at the University of Greenwich UK that help the student unpack the play's social, political, and cultural context as well as its themes, language structure, and production history. In tough times, the British do what we have always done: we muddle through. This House is a razor-sharp political comedy exploring Westminster and the 1974 British hung parliament which provides a timely historical correlative to the current political climate. It's the play that secured the then 30-year-old James Graham's reputation as one of the UK's most important and revered dramatists. Gaining critical acclaim, enjoying a sell-out run at the National Theatre's Olivier in 2013 and being revived in the West End in 2017, when it was Olivier nominated with well-paced witty and waspish dialogue, it explores the childish digs and chauvinistic attitudes that have riddled political life both then and continue to do so now.

This House of Grief 2024-03-14 One of the Guardian's 100 best books of the 21st century, this house of grief in its restraint and control bears comparison with In Cold Blood. Kate Atkinson it grabbed me by the throat in the same way that the podcast series Serial did. Gillian Anderson utterly gripping. Mark Haddon Father's Day. Just after nightfall, a discarded husband drove his three young sons back to their mother's ex-wife on that dark country road barely five minutes from the children's home. The old white car swerved off the highway and plunged into a dam. The father freed himself and swam to the bank, but the car sank to the bottom, and all the children drowned. The court case that followed became Helen Garner's obsession one that would take over her life until its final verdict. The resulting book is a true crime classic and literary masterpiece which examines just what we are capable of and how fiercely we hide it from ourselves. A W N essential with an introduction by Rachel Cooke.

The co-inheritors of Andy Gage's life while Andy deals with the outside world more than a hundred other souls share an imaginary house inside Andy's head. Struggling to maintain an orderly coexistence, Aaron, the father figure; Adam, the mischievous teenager; Jake, the frightened little boy; Aunt Sam, the artist; Seferis, the defender; and Gideon, the dark soul who wants to get rid of Andy and the others and run things on his own. From This House 2004 the significance of the house in this story of french provincial life could
perhaps better be expressed in english by the word family the family is treated as the unit and in the
particular family described all members are taught to put the race and its continuance before the
individual and his desires to subordinate personal interests to the welfare of the house the story is
told by françois who comes midway between the eldest and the youngest in a family of seven it has
little action and such plot as it has is concerned with the deflection of the boy’s allegiance to the
family under the influence of a grandfather who reads rousseau and preaches an individualistic
philosophy the death of the father when françois is eighteen brings the boy a sense of responsibility
and the story leaves him with his mind made up to follow his father’s profession and uphold his
father’s ideals the story itself is one of charm and power and of the uttermost simplicity a word must
be said for the excellence of the translation for the sympathetic rendition of the author’s intentions
and the distinction of the english hildegarde hawthorne n y times

In books where there are images such as portraits, maps, sketches etc, we have endeavoured to keep the quality of these images so they represent accurately the original artefact, although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy.

A New York Times Bestseller by the author of Sophie's Choice. Two Americans search for the truth about a mysterious long ago murder in Italy shortly after World War II. In the village of Sambuco Italy two men, Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving crossed paths with Mason Flagg they both had their own reactions to the gregarious and charismatic movie mogul's son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then after the rape and murder of a peasant girl, Mason's body was found at the base of a cliff. An apparent suicide. The authorities said over committing such a heinous crime, Peter and Cass went their separate ways and never spoke of it again. Now years later, Peter is still haunted by what he knows and by what he doesn't. He sought out Cass in Charleston for closure and something close to the truth. Together both men will share their tales of that terrible season in Italy each with their own ghosts and their own reasons to exorcise them but neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do and what the innocent must endure to accommodate it. This House on Fire is more than a byzantine murder mystery. It's one of the finest novels of our times from the Pulitzer Prize winning author of The Confessions of Nat Turner, Darkness Visible and other modern classics. San Francisco Chronicle this book features a new illustrated biography of William Styron including original letters, rare photos, and never before seen documents from the Styron family and the Duke University archives.
