how does a vampire cult differ from a satanic cult how do seemingly normal or ordinary citizens suddenly find themselves committed to a group
whose leader promotes criminal activities and isolation from families and friends what should you do if a loved one becomes indoctrinated by a potentially dangerous cult this book focuses on various cults and their often criminal belief systems most readers are shocked by stories of mass suicides and ritualized cult killings but few understand how such crimes come to be committed snow a seasoned police officer with experience working on cult crimes examines those cults that commit offenses from murder and fraud to kidnapping and sexual assault by providing specific accounts of dangerous cults and their destructive acts snow illustrates how seemingly innocent groups can turn pernicious when under the sway of a charismatic leader with an agenda or when members take things too far he offers advice on how to avoid falling victim to cult indoctrination concluding with chapters on how to identify cults how to protect yourself and your family and what to do if a loved one is ensnared by such a group

2016-05-01

the magnum opus by japanese literary sensation fuminori nakamura cult x is a story that dives into the psychology of fringe religion obsession and social disaffection when toru narazaki s girlfriend ryoko tachibana disappears he tries to track her down despite the warnings of the private
detective he's hired to find her. Ryoko's past is shrouded in mystery, but the one concrete clue to her whereabouts is a previous address in the heart of Tokyo. She lived in a compound with a group that seems to be a cult led by a charismatic guru with a revisionist Buddhist scheme of life, death, and society. Narazaki plunges into the secretive world of the cult, ready to expose himself to any of the guru's brainwashing tactics if it means he can learn the truth about Ryoko. But the cult isn't what he expected, and he has no idea of the bubbling violence he is stepping into. Inspired by the 1995 sarin gas terrorist attack on the Tokyo subway, Cult X is an exploration of what draws individuals into extremism. It is a tour de force that captures the connections between astrophysics, neuroscience, and religion, an invective against predatory corporate consumerism and exploitative geopolitics, and a love story about compassion in the face of nihilism.

Articles by investigative journalist David G. McAfee, an expert on cults, have revealed what many people have been saying for years: that the new age group known as Hyperianism, with several hundred fanatical followers and two millionaire backers, is a dangerous cult. The leader of this cult calls himself Morgue, a suitably cult-like appellation. Other names he uses are Morgen Night, the Night Bringer 89, and the Terror of Men. Hyperianism preaches a highly disturbing ideology revolving around woke extremism and could easily be considered a hate group encouraging people to say no to normality. Androgyne constitutes a higher state, and he says that his cult is for people who are higher than human and beyond human. He even says that he does not identify as human. His misogyny is self-evident in this comment: "I can not count how many times some spray-on-tan slut has inquired in disbelief why I dress the way I do or do the things I do. It's not sexy. She informs me such stupidity makes me want to strangle the bitch. Why should I be concerned if other people find me attractive in any way? Should I change my identity for a waste producing organ between the legs?" Morbidly
yours morgue this toxic leader constantly asks for financial support from people who are clearly highly vulnerable and being groomed by him the sheer number of brainwashing techniques in evidence is astonishing all his life as a street performer and expert in nlp morgue has perfected the art of getting the weak minded to pay him for putting on a show it s essential for whistleblowers to expose these sinister cults and their even more sinister leaders who do enormous damage to susceptible individuals who are easily psychologically manipulated and exploited by those on the dark triad spectrum of narcissism machiavellianism and psychopathy this book is all about blowing the whistle on this dangerous cult and ensuring that people are warned about what they are dealing with should they ever encounter members of this cult or its sinister leader judge for yourselves whether hyperianism is harmless or a sick twisted cult that people must be warned about to stop more falling into its trap

an extensively researched guide to understanding the teachings of major cults and how they deviate from christianity especially helpful in grasping the challenge of the unorganized but pervasive new age movement
cults and false religions are dangerous they preach a false gospel and lead people into a false spirituality their victims are kept blinded from the true gospel of christ while they are held in bondage to whatever false belief system and legalistic practices they must maintain major cults and false world religions reveals several key characteristics that makes them unbiblical it exposes several major cults and false religions that have the majority of the world's population deceived and headed for hell this book is the result of thirty four years of evangelism work studying comparative religions and apologetic research and debate it will equip you with a basic understanding of what each group believes and how to clearly discern and refute many of their unscriptural teachings and attacks

christians need to know what they believe christianity cults religions participants guide is part of a 6 session dvd based curriculum for small groups who want to know the differences between christianity and mormonism jehovah's witnesses buddhism hinduism islam christianity cults religions shows you what the bible says about god jesus salvation life after death and more

a groundbreaking reinterpretation that draws on cognitive theory to show that belief wasn't absent from but rather was at the heart of roman religion belief and cult argues that belief isn't uniquely christian but was central to ancient roman religion drawing on cognitive theory jacob mackey shows that despite having nothing to do with salvation or faith belief underlay every aspect of roman religious practices emotions individual and collective cult action ritual norms social reality and social power in doing so he also offers a thorough argument for the importance of belief to other non christian religions at the individual level the book argues belief played an indispensable role in the genesis of cult action and religious emotion however belief also had a collective dimension the cognitive theory of shared intentionality shows how beliefs may be shared among individuals
accounting for the existence of written unwritten or even unspoken ritual norms shared beliefs permitted the choreography of collective cult action and gave cult acts their social meanings the book also elucidates the role of shared belief in creating and maintaining roman social reality shared belief allowed the romans to endow agents actions and artifacts with socio religious status and power in a deep sense no man could count as an augur and no act of animal slaughter as a successful offering to the gods unless romans collectively shared appropriate beliefs about these things closely examining augury prayer the religious enculturation of children and the romans own theories of cognition and cult belief and cult promises to revolutionize the understanding of roman religion by demonstrating that none of its features makes sense without roman belief

Two Christian Bible scholars outline arguments anyone can use to counter and evangelize to Jehovah’s Witnesses and Mormons when they come knocking. Cult Shock is an easy to follow resource of Christian apologetics that teaches you how to defend your Christian faith against the claims of Jehovah’s witness and Mormon missionaries. Mark Stengler Jr and Mark Stengler Sr, a father and son team of Christian scholars, explain the beliefs of these groups and demonstrate through scripture and logic how biblical Christianity refutes their worldview. Readers will gain confidence witnessing to these groups based on the Stenglers recommended engagement techniques from their years of experience. Cult Shock provides all the tools you need to proclaim the real Jesus with fearless confidence.

This personal yet scholarly journey into the confusing and clandestine world of ritual abuse survivors sheds light on their catastrophic experiences and their efforts to heal afterward. Revised, updated, and expanded this third edition of a classic study is one of the most authoritative and evenhanded volumes to tackle its hotly debated subject matter. Incorporating the authors’ firsthand observations, the book provides historical, anthropological, and psychological context for contemporary reports of both ritual abuse and ritual crime. In addition to sharing patient vignettes and a history of cult and ritual abuse, the authors explore fascinating topics related to these practices among them what triggers personality shifts for victims even many years after the abuse has stopped. Importantly, the book shows how ritual abuse affects society as a whole.
civil and criminal law politics legislation social movements social welfare and psychological theory it provides unique insights into the scientific study forensic investigation and implementation of social services for survivors of cult and ritual abuse discusses new research and treatment strategies and establishes the foundation for a psychological diagnosis to be called cult and ritual trauma disorder

World Religions and Cults 101

1991-01-01

a true crime author explores what happens when cults cross the line in this anthology of false prophets true believers and tragic consequences thousands of religious political and self improvement cults are active around the world and an estimated two to five million americans have been involved in a cult at some point in their lives while not all cults are destructive these stories demonstrate how unwavering faith in an infallible leader can lead lay the groundwork for criminal acts a heinous as murder or mass suicide true crime author joan biddlecombe agsar uncovers what really happened inside some of modern history s most notorious cults including the manson family hippie devotees turn violent to manifest god s race war the peoples temple hundreds of utopia seekers meet their end in the guyanese jungle by ingesting a cyanide laced drink the vampire clan teenagers consume blood and bludgeon an unsuspecting florida couple to death heaven s gate nike adorned disciples commit suicide to transport onto a spaceship approaching earth silvia meraz moreno s santa muerte cult members collect sacrificial blood by slicing open victims veins while their hearts are still beating

The Challenge of the Cults and New Religions

2001-06-01

a young man travels to california and he gets caught up in the hare krishna organization this is a fascinating insight into one of the popular cults in america that has attracted thousands of young americans he joins up as a shaved up devotee and gets caught up in this strange religion for three years the story is set in colourful san diego where he sells old motor cars to make a living the youngster comes to his senses when he falls in love with a beautiful devout christian lady she warns him that he is involved in false idol worship and they become involved in a stormy love affair which explodes because of the sharp contrast in their religious beliefs on a surfing trip to hawaii the young man comes to know jesus christ from a chance meeting in a revival tent at waimea bay falls and his life changes forever
misunderstanding cults provides a uniquely balanced contribution to what has become a highly polarized area of study working towards a moderate third path in the heated debate over new religious movements or cults. This collection includes contributions from both scholars who have been characterized as anticult and those characterized as cult apologists. The study incorporates multiple viewpoints as well as a variety of theoretical and methodological perspectives with the stated goal of depolarizing the discussion over alternative religious movements. A prominent section within the book focuses explicitly on the issue of scholarly objectivity and the danger of partisanship in the study of cults. The collection also includes contributions on the controversial and much misunderstood topic of brainwashing as well as discussions of cult violence. Children brought up in unconventional religious movements and the conflicts between alternative religious movements and their critics. Unique in its breadth, this is the first study of new religious movements to address the main points of controversy within the field while attempting to find a middle ground between opposing camps of scholarship.
