Photographers improve their craft, but the truth is that you can create the most amazing photos yet still have a failing business and what's the point of being a great photographer if you can't build a career, pay your bills and feed your family? In order to create a thriving business, you need a different kind of knowledge and a new set of tools to succeed. The successful professional photographer is for the first time Roberto turns his focus on the business and marketing of your photography so that you can build and sustain a highly profitable business as a wedding and portrait photographer. Roberto shares all his hard earned knowledge regarding finding clients, marketing, and presenting your work and getting paid what you deserve. Topics include best practices and strategies for Instagram, YouTube, and Facebook. Being found through SEO, promoting yourself and your work, the role that testimonials and reviews play in your success, creating long term client relationships, forming personal connections with clients, being found through SEO, understanding and conveying the crucial importance of selling prints, and while the photographs you create are the core of your work, being exceptional at your craft is a must. That's only half of the formula you need for building and sustaining success. The other half is outlined here in The Successful Professional Photographer. Implement the strategies and techniques outlined here and you'll have everything you need to succeed and build a long prosperous fulfilling career as a wedding or portrait photographer.
