**The Killers Among Us 2002**

Learn the true story of one of the FBI profilers who coined the phrase "serial killer face to face with some of America's most terrifying killers". FBI veteran Robert K Ressler learned how to identify the unknown monsters who walk among us and put them behind bars. In "Whoever Fights Monsters," Ressler reveals how he was able to track down some of the country's most brutal murderers. Ressler, the FBI agent and ex-army CID colonel who advised Thomas Harris on "The Silence of the Lambs," used the evidence at a crime scene to put together a psychological profile of the killers from the victims they choose to the way they kill. With his discovery that serial killers share certain violent behaviors, Ressler goes behind prison walls to hear bizarre first-hand stories from countless convicted murderers including Ted Bundy, John Wayne Gacy, Edmund Kemper, and Son of Sam. Getting inside the mind of a killer to understand how and why he kills is one of the FBI's most effective ways of helping police bring in killers who are still at large. Join Ressler as he takes you on the hunt for the world's most dangerous psychopaths in this terrifying journey you will not forget.

**The Conservationists and the Killers 1982**

In this eerie study of what drives or allows people to kill in a team setting even when they had no criminal history on their own, Furio's personal correspondence and telephone conversations with death row inmates lend immediacy to the analysis of the phenomenon of the deadly duo. The unthinkable crimes sketched in this book show that it is just as chancy to accept a ride offered by a couple as it is to hop into a car driven by a single male. Simply stated, couples or groups that kill usually have perverted tendencies as individuals, but it is only when they come together that their combined personality becomes lethal. How does it happen and what can be done to prevent it? What are the differences between killers who act on their own and those who prefer to take a partner? What goes through the partners' minds years later when they reflect on what they've done?

Instant #1 New York Times bestseller in the eleventh book in the multimillion selling "Killing" series! Bill O'Reilly and Martin Dugard reveal the startling dramatic story of the global war against terrorists in "Killing the Killers." Bestselling authors Bill O'Reilly and Martin Dugard take readers deep inside the global war on terror which began more than twenty years ago on September 11, 2001. As the world trade center buildings collapsed the pentagon burned and a small group of passengers fought desperately to stop a third plane from completing its deadly flight plan, America went on war footing. "Killing the Killers" narrates America's intense global war against extremists who planned and executed not only the 9/11 attacks but hundreds of others in America and around the world who eventually destroyed entire nations in their relentless quest for power. Killing the killers moves from Afghanistan to Iraq, Iran to Yemen, Syria and Libya and elsewhere as the United States fought Al Qaeda, ISIS, and the Iranian Revolutionary Guard as well as individually targeting the most notorious leaders of these groups with fresh detail and deeply sourced information.
