History of the Colony and Ancient Dominion of Virginia 1860 excerpt
from history of the colony and ancient dominion of virginia as far as
time would admit some survey of the country was made the principal
object of which was the discovery of mines and minerals and the admiral
listened with credulity to the promises of silver the company being
dispersed abroad some were taken sick and died some hid themselves in
the woods and others cut one of the vessels out of the harbor and carried
her off at length the admiral having collected as many of his men as
could be found and ordered one of his vessels to remain and take off the
sick set sail with three vessels intending to visit cape breton and the isle
of sable but one of his vessels being lost on a sand bank he determined
to return to england the squirrel in which he had embarked for the survey
of the coast was very small and heavily laden yet this intrepid navigator
persisted in remaining on board of her notwithstanding the urgent
entreaties of his friends in the other and larger vessel the hind in reply to
which he declared that he would not de sert his little crew on the
homeward voyage after having with them passed through so many
storms and perils and after proceeding three hundred leagues the little
bark with the admi ral and all her crew was lost in a storm when last
seen by the company of the hind sir humphrey although surrounded by
imminent perils was seated composedly on the deck with a book in his
hand and as often as they approached within hear ing was heard to
exclaim be of good cheer my friends it is as near to heaven by sea as by
land at midnight the lights of the little vessel suddenly disappeared and
she was seen no more sir humphrey gilbert was descended from an
ancient family in devonshire his father was otho gilbert esq of greenway
and his mother catharine daughter of sir philip champernon of modbury
he was educated at Oxford and became distinguished for courage, learning, and enterprise and appointed colonel in Ireland. He displayed singular energy and address in the year 1571. He was a member of the House of Commons from Compton, his native place. He strenuously defended the Queen's prerogative against the charge of monopoly. **HIST OF THE COLONY & ANCIENT DOMINION OF VIRGINIA**

This collection of essays on seventeenth-century Virginia highlights emerging directions in scholarship and helps set a new agenda for research in the next decade and beyond. The contributors represent some of the best of a younger generation of scholars who are building on but also criticizing and moving beyond the work of the so-called Chesapeake School of Social History that dominated the historiography of the region in the 1970s and 1980s. Employing a variety of methodologies, analytical strategies, and types of evidence, these essays explore a wide range of topics and offer a fresh look at the early religious, political, economic, social, and intellectual life of the colony. Contributors: Douglas Bradburn, Binghamton University; John C. Coombs, Hampden Sydney College; Victor Enthoven, Netherlands Defense Academy; Alexander B. Haskell, University of California, Riverside; Wim Klooster, Clark University; Philip Levy, University of South Florida; Philip D. Morgan, Johns Hopkins University; William A. Pettigrew, University of Kent; Edward Dubois, Ragan Valentine, Richmond History Center; Terri L. Snyder, California State University, Fullerton; Camilla Townsend, Rutgers University; Lorena S. Walsh, Colonial Williamsburg Foundation.

*History of the Colony and Ancient Dominion of Virginia* 2018-04-14. For decades, the commonwealth of Virginia led the nation, the premier state in...
population size and wealth it produced a galaxy of leaders Washington Jefferson Madison Monroe Mason Marshall four of the first five presidents were Virginians and yet by the middle of the nineteenth century Virginia had become a byword for slavery, provincialism and poverty. What happened in her remarkable book Dominion of Memories historian Susan Dunn reveals the little known story of the decline of the old dominion while the North rapidly industrialized and democratized Virginia's leaders turned their backs on the accelerating modern world spellbound by the myth of aristocratic gracious plantation life they waged an impossible battle against progress and time itself in their last years two of Virginia's greatest sons Thomas Jefferson and James Madison grappled vigorously with the old dominion's plight but bound to the traditions of their native soil they found themselves grievously torn by the competing claims of state and nation slavery and equality the agrarian vision and the promises of economic development and prosperity. This fresh and penetrating examination of Virginia's struggle to defend its sovereignty, traditions and unique identity encapsulates in the history of a single state the struggle of an entire nation drifting inexorably toward civil war.

Dominion of Memories 2007-07-30 the crowning achievement of the new deal era federal writers project 1935-1943 was its American guide series of books and pamphlets describing the nation’s cities, states, territories, regions, and localities. The Virginia Writers Program contributed several important volumes to this series. The most popular and widely circulated of which was Virginia: a guide to the old dominion first published in 1940. The Virginia guide is still in great demand more than half a century later for the wealth of fascinating historical information contained in its pages. The first section of the guide presents fifteen essays that range from Douglas Southall Freeman’s reflections on the spirit of Virginia to fact-filled analyses of the state’s geography, history, population, economy, folk culture, and social life. The second section highlights fifteen of Virginia’s largest cities while the third presents twenty-four detailed tours of the state’s major regions and points of interest.

HIST OF THE COLONY & ANCIENT D 2016-08-26 in 1889 tradition-minded women including many from Virginia’s most prominent families formed the Association for the Preservation of Virginia Antiquities (APVA), the first state preservation organization in the United States. Where better after all who else could so readily claim both colonial and confederate heritage both Jamestown and the White House of the Confederacy? Cultural historian James Lindgren shows how the preservation movement strove to rebuild a revered past upon the foundations of its historic structures while vividly capturing entertaining incidents—white-gloved pilgrimages, a Richmond costume ball even a search for a Jamestown rock to set back those arriviste New Englanders—and introducing battling among preservationists. Lindgren also explores the serious consequences of these sometimes amusing efforts. He shows how the reinvention of the past shaped contemporary Virginia and the South in a very real sense. The battle between North and South was replayed at the end of the nineteenth century in a contest to control the nation’s past. The APVA’s significance lies not only in the fact that it played a major role in the resurgence of conservatism in late nineteenth-century South but that it fits into a larger American picture where tradition-minded Americans tapped their
