tales folk tales myths collections books children's books animals turtles please help other parents and teachers find this book by leaving an honest review of this book and its illustrations the stories which are given in the following pages are for the most part those which i have found to be best liked by the children to whom i have told these and others i have tried to reproduce the form in which i actually tell them although that invariably varies with every repetition feeling that it would be of greater value to another story teller than a more closely literary form my hope is that this book may be of use to those who have much to do with children preface stories to tell to children by sara cone bryant it was a simple incident in the life of james clavell a talk with his young daughter just home from school that inspired this chilling tale of what could happen in twenty five quietly devastating minutes he writes the children's story came into being that day it was then that i really realized how vulnerable my child's mind was any mind for that matter under controlled circumstances normally i write and rewrite and rewrite but this story came quicky almost by itself barely three words were changed it pleases me greatly because i kept asking the questions questions like what's the use of i pledge allegiance without understanding like why is it so easy to divert thoughts like what is freedom and why is so hard to explain the children's story keeps asking me all sorts of questions i cannot answer perhaps you can then your child will with this user friendly book kids of ebooks for kids generally feature simple learning techniques with pictures and picture stories with morals. This ebook has two moral stories for kids. The legend of the old black seathis story is about an old man who lived with his dog and his cat near seashore. His dog was so nice, but the cat was a little bit evil. While the dog helped the old man without seeking any rewards, the cat helped him only when he offered her a fish. He made his living by catching fishes from the sea. But the dog warned him that the cat was so evil and asked him to throw her out of the house when the old man's house caught fire. The cat didn't help him when he threw away the cat into the sea and lived with his dog as the day passes. They spent many days in hunger with their empty stomachs. A bird told him that the old man lost his faith in what is good and pointing to the cat the old man realized that the cat was good too. It all depends upon us. The dog saw the hungry cat and shouted at her. The old man shared the last piece of fish into three parts and regained his faith in goodness. Remember everything has well and bad. It all depends on how we perceive it.

Mommy is a fantasy tale for kids. The interesting plots of the story will be loved by the kids. A king lost his wife when the queen gave birth to her daughter. She wanted to play in the beach with her friends, but her father restricted her. Meanwhile, in heaven, two angels were fond of each other. They were called pink and violet. The little princess fell ill and she went to heaven to play with violet. Pink befriended her and played with her, which made violet so angry. The king was worried about his daughter's health. The story goes on, and the princess regains her health and returns back to her country.
