In this fascinating and fresh look at the apostles’ creed, David Cunningham argues that reading fiction and film can lead Christians to a deeper, more precise, and more experiential knowledge of their faith. Drawing on novels, plays, and films by authors like Dickens, Shakespeare, P.D. James, and Graham Greene, Cunningham discusses the apostles’ creed in detail, using one primary text to illuminate each article. Cunningham begins with a brief history of the Christian creeds and their significance in addition to plot summaries. Each chapter includes discussion questions addressing the relationship between literature and faith and concludes with a works cited list and a list for further reading. This book will delight Christians who want to better understand the creeds and basic doctrinal confessions of the Christian faith, while academics, theologians, and literature and film aficionados will celebrate Cunningham’s keen literary and theological insights. The book is equally readable for those with little background in these fields of study. Reading is Believing is an ideal text for Christian education classes, adult Sunday school, and church-based book clubs, and it will serve well as a text in theology courses as well as various courses in the humanities, ethics, and cultural and religious studies.

Where most books dance around the distasteful details of the church’s past, this one puts a spotlight on the negative and positive alike with one ear attuned to the early church and another to contemporary culture. This book addresses the growing concerns both Christians and non-Christians have about how transparent the church has been about its roots. This book offers a forthright depiction of early Christianity, beginning with the apostles and ending after the time of Augustine. Sinners and Saints is the first of a four-volume series that humanizes the history of Christianity by honestly examining the actions, doctrines, decisions, groups, movements, and practices of past Christians. This book’s assessment helps the reader accurately understand Christianity’s background and recognize how it continues to shape the present.

Turn on a cable news show or pick up any news magazine and you get the impression that Christian America is on its last leg. The once-dominant faith is now facing rapidly declining church attendance, waning political influence, and an abysmal public perception. More than 76% of Americans self-identify as Christians, but many today are ashamed to carry the label. While many Christians are bemoaning their faith’s decline, Gabe Lyons is optimistic that Christianity’s best days are yet to come. In the wake of the stunning research from his bestselling book UnChristian, which revealed the growing disenchantment among young generations for Christians, Lyons has witnessed the beginnings of a new iteration of the faith. Marked by Lyons’ brutal honesty and unvarying generosity, this exposes a whole movement of Christians—evangelicals, mainline protestants, orthodox pentecostals, and others—who desire to be a force for restoration even as they proclaim the Christian gospel. They want the label Christian to mean something good, intelligent, authentic, and beautiful. The next generation of Christians, Lyons argues, embodies six revolutionary characteristics that when Christians incorporate these characteristics throughout the fabric of their lives, a fresh yet orthodox way of being Christian springs forth. The death of yesterday becomes the birth of a great tomorrow. The end of an era becomes a beautiful new beginning.
end of christian america becomes good news for christians in the next christians lyons disarms readers by speaking as a candid observer rather than cultural crusader where other people shout lyons speaks in a measured tone offering helpful analysis of our current reality while casting a vision for how to be a christian in a world disenchanted with the faith both a celebration and a reckoning the next christians combines current day models and relevant research with stories of a new generation of christian leaders if you are worried by what you see transpiring around you this book will take you on a surprising social exploration in hopes that you too will restore confidence in your faith

when i think about the mercy of god especially toward this generation where there is less or no more regard for god almighty as it were in those days where everyone indulge themselves in evil act where religion has become an excuse for an act of terror where the love of money has replaced the love of god even in the heart of the believers where corruption has become the order of the day where youth idolizes the things of the world and lust after its immorality where knowledge has become a snare and wisdom a pestilence to the citizen of the world then this i concluded in my heart that if god can be patient enough to delay his wrath of his judgement over the world in general then i think it is an understatement to say he is merciful but i will rather say god himself is the definition the true depiction and the description of mercy this book reveals the deep things about the mercy of god
which many christians don't really realize what more did you know about the mercy of god and what can we say about its efficacy but the mercy of god is way beyond what we think and we need to learn a little more about it that we might appreciate god

how much willful sin is a part of your christian testimony christians sending the wrong message to the world is a warning to all who profess to being christians their actions speak volumes about their relationship with god satan and the world that he controls has made many christians a part of his battle plan against god what you say and more importantly what you do demonstrates to the world the identity of your true master as christians we are supposed to represent god and our lord jesus christ to the world living in peace with the world has caused many of us to become collaborators with the world in unholy activities in the book of romans chapter 12 verse18 the bible gives some general guidance on how we are to conduct ourselves it states if it be possible as much as lieth in you live peaceably with all men the problem with this guidance is that people have gone way beyond religious tolerance and accepting ungodly behavior christians have forgotten the most important part to understanding what this scripture really means the scripture hebrews 12 14 sheds light on the application of the scripture in romans 12 18 it states follow peace with all men and holiness without which no man shall see the lord certainly we must try to live in peace with the world but at what cost christians cannot forsake living holy to have peace with the world when we do the world is watching and judging us as one of them the question then becomes whom do you serve do you serve god only in words and serve his enemy in actions and deeds this is your christian testimony to the world it shows the world that you care more about living in peace with it than you do about living holy and obeying god this book addresses the practice and acceptance of willful sin

maybe christianity is actually true maybe it is what believers say it is but at least two problems make the thoughtful person hesitate first there are so many other options how could one possibly make one's way through them to anything like a rational and confident conclusion second why do so many people choose to be christian in the face of so many reasons not to be christian yes many people grow up in christian homes and in societies but many more do not yet christianity has become the most popular religion in the world why this book begins by taking on the initial challenge as it outlines a process how to think about religion in a responsible way rather than settling for such soft vagaries as faith and feeling it then clears away a number of misunderstandings from the basic story of the christian religion misunderstandings that combine to domesticate this startling narrative and thus to repel reasonable people who might otherwise be intrigued the second half of the book then looks at christian commitment positively
and negatively why do two billion find this religion to be persuasive thus making it the most popular explanation of everything in human history at the same time how does christianity respond to the fact that so many people find it utterly implausible especially because so many christians insist that theirs is the only way to god and because of the problem of evil that seems to undercut everything christianity asserts grounded in scholarship but never ponderous can i believe refuses to dodge the hard questions as it welcomes the intelligent inquirer to give christianity at least one good look

greetings to my christian siblings this book is presented in a straightforward and conversational style each chapter is scripturally based and simple to understand the problem solving action steps regarding the christian issues discussed here are user friendly but i caution you that breaking old habits takes dedication and stamina these action steps are not for the faint hearted for they ask us to delve past the surface of our daily interactions and get to the heart of how honest we really are with ourselves with others and with our god from personal experience i can state that understanding god s will in my life is often far easier than submitting to his will in my life like so many life lessons i ve learned the action steps that you will read about in this book the hard way they did not first appear as i see them today they appeared as anxiety sleeplessness bad dreams dysfunctional relationships buckets of tears and diminished health amazingly when i got right with god the action steps came into focus like i said i learned these steps the hard way hebrews 12 1 therefore since we are surrounded by such a great cloud of witnesses let us throw off everything that hinders and the sin that so easily entangles and let us run with perseverance the race marked out for us sin like cobwebs can easily entangle us and just like when we walk through an actual cobweb and are then simply overcome with the urgency to get that sticky stuff off of our bodies the spiritual equivalent should occur when we find that the spider has managed to weave a spiritual cobweb in our soul we should be overcome with the same urgency to be rid of it immediately the spider wants to trap us and he spins various and sundry webs to try to do so satan s cobwebs are waiting for us all though the blood of christ does continually clean us 1 john 1 7 but sometimes we lose our focus and get all wrapped up in the spider s web when that happens we may tend to obsess about how we were wronged or how we woefully wronged someone else it is significant to note that in such times it is apparent that our minds have been focusing on our yesterdays and our tomorrows instead of simply looking up to christ who is our right now in many churches today there are people who feel spiritually miserable because they have been attacked by satan s spiritual spider webs here s how it happens some wrong word or deed occurs and the next thing you know the spider is attempting to set up housekeeping in your soul and he always brings his darkness with him things like hopelessness anger misery isolation rejection worthlessness jealousy revenge apathy but we are not of the dark we are children of light ephesians 5 8 for you were once darkness but now you are light in the lord live as children of light clearly satan wants to alienate us from god and he is using our own minds to do so because of that this book is needed because of that this book was written the action steps below indicate what we as christians are supposed to do when we come face to face with our own human errors and find cobwebs in the christian soul 2 fess up 3 fix it even if you can t god can 4 move on 5 live better pray study god s word 6 be actively engaged in the church so there you have it six simple chapters based on six simple concepts let s get started in him gayla wood

the point of this book is simple to make christians aware of a story that they have not been told the story of relations between christians and jews this involves tracing the church s anti judaism to its source in the gospels and the book of acts and describing the development of the church s displacement replacement theology according to which we new gentiles spiritual universal inclusive christians replace the old carnal ethnocentric legalist and works righteous jews in the favor of god the story also details the actions of the churches specifically a long chain of canons laws governing relations between jews and christians all the way from banning christians for socializing or dining with jews marrying jews and asking rabbis for blessings to requiring all jews to live in ghettos this history of actions comes down to the present and its consequences in the holocaust in which all the killers were christians and in the nazi laws governing jewish behavior each such law took its precedent from a canon law passed by a council of the church the recent rash of bomb threats against jewish community centers and synagogues reminds us of how deeply this bigotry is embedded in people the point of making people aware of anti judaism is to prompt them not to shrug if off when scripture readings regularly teach contempt for jews with the rhetoric of vilification words are important teaching contempt should be called out and rejected this can be done pastorally and gently but it should be done otherwise the church s language reinforces a deeply embedded bigotry most christian pastors are unaware of this reality and prone to thinking that anti judaism is not a serious problem for the church hence most anti judaism in christian preaching is unintentional awareness of the story of christian anti judaism prods us to move from unintentional anti judaism to intentional teaching of respect for jews and judaism

joseph ratzinger now pope benedict xvi writes eloquently and persuasively about how one can live as a serious christian in today s secular world he talks in depth about the true meaning of faith hope and love the love of god and the love of neighbor he also discusses at length the crucial importance of a lived faith for the believer himself as well as being a witness for our age
striving to bring faith in line with the present age that has veered off into rampant secularism and materialism he passionately encourages the reader to practice a deep abiding christian faith that seeks to be at the service of humanity as joseph ratzinger mentions in the preface the book presents in written form three sermons that the author preached in the cathedral at muenster to a congregation from the catholic student chaplaincy december 13 15 1964 in other words these are essays derived from sermons preached to college students toward the end of vatican ii they are remarkable among other reasons for their insights into the ongoing christian struggle to understand and realize in action what it means to be a christian contents first sermon are we saved or job talks with god christianity as advent the unfulfilled promise are we saved the hidden god second sermon faith as service the salvation of christians and the salvation of the world god becomes man man becomes christlike the meaning of salvation history third sermon above all love love is enough why do we need faith the law of superabundance faith hope and love in our generation the christian faith finds itself in a much deeper crisis than at any other time in the past in this situation it is no solution to shut our eyes in fear in the face of pressing problems or to simply pass over them if faith is to survive this age then it must be lived and above all lived in this age and this is possible only if a manifestation of faith is shown to have value for our present day by growing to knowledge and fulfillment pope benedict xvi from the introduction learn more about pope benedict visit the

j andrew cowan challenges the popular theory that luke sought to boost the cultural status of the early christian movement by emphasising its jewish roots associating the new church with an ancient and therefore respected heritage cowan instead argues that luke draws upon the traditions of the old testament and its supporting texts as a reassurance to christians promising that jesus life his works and the church that follow legitimately provide fulfilment of god s salvific plan cowan s argument compares luke s writings to two near contemporaries dionysius of haliarnassus and t flavius josephus both of whom emphasized the ancient heritage of a people with cultural or political aims in view exploring how the writings of luke do not reflect the same cultural values or pursue the same ends challenging assumptions on luke s supposed attempts to assuage political concerns capitalize on antiquity and present christianity as an inner jewish sect cowan counters with arguments for luke being critical of over valuing tradition and defining the jewish people as resistant to god and his messages cowan concludes with the argument that the apostle does not strive for legitimisation of the new church by previous cultural standards but instead provides theological reassurance to christians that god s plan has been fulfilled with implications for broader debate

although a well studied and researched topic in early Christianity, martyrdom had become a relatively neglected subject of scholarship by the latter half of the 20th century; however, in the years following the attack on the twin towers on September 11, 2001, the study of martyrdom has experienced a remarkable resurgence, heightened cultural, religious, and political debates about Islamic martyrdom. Have in a large part prompted increased interest in the role of martyrdom in the Christian tradition. The Wiley Blackwell Companion to Christian Martyrdom is a comprehensive examination of the phenomenon from its beginnings to its role in the present day. This timely volume presents essays written by 30 prominent scholars that explore the fundamental concepts, key questions, and contemporary debates surrounding martyrdom in Christianity. Broad in scope, this volume explores topics ranging from the origins, influences, and theology of martyrdom in the early church with particular emphasis placed on the martyr acts to contemporary issues of gender identity, construction, and the place of martyrdom in the modern church. Essays address the role of martyrdom after the establishment of Christendom, especially its crucial contribution during and after the Reformation period in the development of Christian and European national building as well as its role in forming Christian identities in Asia, Africa, and the Americas. This important contribution to Christian scholarship offers the first comprehensive reference work to examine the topic of martyrdom throughout Christian history, including an exploration of martyrdom and its links to traditions in Judaism and Islam. Covers extensive geographical zones, time periods, and perspectives, providing topical commentary on Islamic martyrdom and its parallels to the Christian church. Discusses hotly debated topics such as the extent of the Roman persecution of early Christians.

Christ, Faith, and the Holocaust

Your love for one another will prove to the world that you are my disciples. Jesus said, John 13:35 (NLT). Why then are Christians noted for their hateful judgment of each other? Brotherhood of Betrayal illustrates the ugliness of the betrayal syndrome that festers inside the Christian church. Respected missionary pastor Clay McCain leaves his family and growing church in Sweden for a beautiful wealthy woman but the Christian community reacts cruelly even to his innocent abandoned family. A family’s nightmare. Clay McCain, a high-profile American pastor serving in Stockholm, Sweden, mysteriously disappears. Who can his wife Rachel and her three young children turn to for help? Her Swedish friends, her home church in the United States, her mission board, her relatives. Rachel’s eventual outreach of trust alongside a shocking discovery sets off an unexpected avalanche of betrayal that turns her world, her family, and her faith upside down. This poignant sequel to the bestselling Wisdom Hunter and Jordan’s Crossing dramatically illustrates the hideousness of the betrayal syndrome that is sweeping through the body of Christ, assaulting and devastating families, friends, and churches. This is a story that touches us all. It may even be your story.

This updated edition includes a foreword by Philip Ryken and a section by section study guide. Both those long familiar with Boice and those newly introduced to him will benefit from his remarkable

recent years have witnessed an astonishing cultural and legal shift when it comes to homosexuality and same sex marriage many christians see these changes as a defeat for christian values often painting christian opponents as sell outs to secular culture but can there be a genuinely christian case for same sex marriage this book makes that case while sensitive to scriptural issues it focuses on a question that cannot be answered by scripture alone what does love for our gay and lesbian neighbors demand this question calls us to pair theological philosophical and scriptural reflection with something else attention to gay and lesbian lives we must attend to the psychological research and more importantly to the stories our gay and lesbian neighbors tell us about themselves and their experience love does not permit us to plug our ears with bible verses while this book argues that christian love calls us to make same sex marriage available the deeper conclusion is that christian values prevail when we wrestle with these questions in a spirit of love love for those with whom we disagree and love for those most affected by the decisions we reach
