Modern Church 1892
in 1900 only a handful of drugs morphine quinine aspirin etc had genuine efficacy but had little value for bacterial or viral infections or cancer these conditions were usually untreatable now there are literally thousands of drugs which offer cures or greatly extended life spans for those with life threatening conditions

The Sunday Magazine 1892

a casebook to be used as the primary text for first year law school contracts courses written by a leading scholar in contract law renting a home buying a ticket downloading an app humans enter into contracts constantly often with little consciousness of the legal implications we typically become alert to the consequences only when a problem arises contracting can increase our happiness by enabling us to do things that we would be otherwise unable to do but heartbreak follows when things go wrong this casebook which can be used as a primary text for a first year law school contracts course covers a wide spectrum of quandaries that emerge in contract law from problems of overreach and interpretation to enforcement and fraud taken together these cases offer an exploration of contract pathology and introduce students to concepts that are essential to understanding the vast subject of anglo american contract law this book is part of the open casebook series from harvard law school library and the mit press primary text for a first year law school contracts course developed for use at harvard law school by a leading scholar in contract law diverse cases show differing approaches to a range of problems within contracting classroom tested

Law, Ethics and Communication 2008

the modern law of contract builds on the success of the popular principles of contract law taking account of a variety of theoretical approaches economic sociological and empirical the book combines meticulous examination of authorities and commentary with a modern and contextual approach the range of material covered combined with an accessible style means that this book meets the needs of all undergraduate contract courses enabling students to gain a profound understanding of this pivotal field it will also be useful for students studying contract law as part of another discipline

Hardwicke's Science-gossip 1892

this is an open access title available under the terms of a cc by nc nd 4 0 international licence it is free to read at oxford scholarship online and offered as a free pdf download from oup and selected open access locations the rise of mass advertising is a first cultural legal history of advertising in britain tracing the rise of mass advertising c 1840 1914 and its legal shaping the emergence of this new system disrupted the perceived foundations of modernity the idea that culture was organized by identifiable fields of knowledge experience and authority came under strain as advertisers claimed to share values with the era s most prominent fields including news art science and religiously inflected morality while cultural boundaries grew blurry the assumption that the world was becoming progressively disenchanted was undermined as enchanted experiences multiplied with the transformation of everyday environments by advertising magical thinking a dwelling in mysteries searches for transfiguration affective connection between humans and things and powerful fantasy disrupted assumptions that the capitalist economy was a victory of reason the rise of mass advertising examines how contemporaries came to terms with the disruptive impact by mobilizing legal processes powers and concepts law was implicated in performing boundary work that preserved the modern sense of field distinctions advertising s cultural meanings and its organization were shaped dialectically vis à vis other fields in a process that mainstreamed and legitimized it with legal means but also construed it as an
inferior simulation of the values of a progressive modernity exhibiting epistemological shortfalls and aesthetic compromises that marked it apart from adjacent fields the dual treatment meanwhile disavowed the central role of enchantment in what amounted to a normative enterprise of disenchantment one of the ironies of this enterprise was that it ultimately drove professional advertisers to embrace enchantment as their peculiar expertise the analysis draws on an extensive archive that bridges disciplinary divides it offers a novel methodological approach to the study of advertising which brings together the history of capitalism the history of knowledge and the history of modern disenchantment and yields a new account of advertising's significance for modernity

**William Holman Hunt 1893**

blockchains and smart contracts are emerging technologies that pose unique challenges for legal systems this book outlines the extent to which these new and innovative technologies could have potentially disruptive effects on contract law in europe it does so through a comparative three part analysis of the recognisability and effects of smart contracts in european legal systems first of all in light of the technologies transboundary nature the book employs a comparative approach considering french law german law english law and dutch law to analyse the impact on the different systems of contract law while doing so it also addresses the formation interpretation and vitiation of contracts secondly it analyses the impact of these technologies on european laws regarding unfair terms in consumer contracts and argues that the existing rules should be applied to smart legal agreements in business to consumer relations lastly it analyses the current european rules of private international law on the basis of which jurisdiction and applicable law are developed in this respect the book concludes that the vast majority of these european rules are smart contract proof

**Life Saving Drugs 2004**

this book analyses the history of the common law foundations of consumer law and encourages readers to rethink the role that consumer law plays in our society consumer law is often constructed as purely statute based law however as this collection will demonstrate this is far from the truth much of the history of the common law concerns consumer transactions and markets case law has often established or modified the ground rules of consumer markets has had a patterning effect on the economic organisation of markets and has expressed cultural visions of the market and consumers an analysis of landmark cases of consumer law allows many traditional cases to be viewed through a new and distinct lens providing significant academic and intellectual value the collection also includes a unique socio legal perspective considering the role that consumer law has played in addressing racial discrimination lgbtq challenges and the rights of women this collection of landmark cases demonstrates the theoretical and practical significance of consumer law through a wide range of contributions by distinguished authors from the united kingdom europe the united states and australia

**Hubert Herkomer (royal Academician) 1892**

provides everything you want in a case book a stimulating thought provoking and up to date account of contract law it combines both fantastic academic commentary and superbly selected materials making it simply one of the best contract law casebooks student law journal this is the seventh fully updated edition of professor burrows casebook offering law students the ideal way to discover and understand contract law through reading highlights from the leading cases designed to be used either on its own or to supplement a
contract law textbook this book covers the undergraduate contract law course in a series of clearly presented and carefully structured chapters the author provides an expert introduction to each topic and his succinct notes and questions seek to guide students to a proper understanding of the cases the relevant statutes are also set out along with a principled analysis of them in addition to cross references to further discussion in the leading textbooks an innovative feature is the summary of leading academic articles in each chapter the book is designed not to overwhelm students by its length but covers all aspects of the law of contract most commonly found in the undergraduate curriculum

**Contracts, third edition 2023-04-11**

this two volume series offers the first detailed and systematic account of the history of private law in scotland volume 2 covers topics such as insurance negligence liability breach of contract unfair contract terms sale and defamation
