Create Your Opportunity Now 2017-06-07 in times like this it is quite important to understand the power that uncovers the hidden treasure in an individual unfortunately majority go through life struggling to achieve their dreams and purposes whereas all they need to realize their goals is opportunity creation the aim of this book is to help identify the attributes you need to create opportunity define and explain the critical attributes you need to be successful teach you how to unmask the hidden treasures where you are challenge the belief that your background determines what you become help you discover and maintain life's opportunities

Opportunity Knocks 2001 this is a timely and important book which seeks to reclaim universities as places of learning it is jargon free and forcefully argued it should be on every principal and vice chancellor's list of essential reading jon nixon professor of educational studies university of sheffield the ability to have or to find space in academic life seems to be increasingly difficult since we seem to be consumed by teaching and bidding overwhelmed by emails and underwhelmed by long arduous meetings this book explores the concept of learning spaces the idea that there are diverse forms of spaces within the life and life world of the academic where opportunities to reflect and critique their own unique learning position occur learning spaces sets out to challenge the notion that academic thinking can take place in cramped busy working spaces and argues instead for a need to recognise and promote new opportunities for learning spaces to emerge in academic life the book examines the ideas that learning spaces are increasingly absent in academic life the creation and re creation
of learning spaces is vital for the survival of the academic community the absence of learning spaces is resulting in increasing dissolution and fragmentation of academic identities learning spaces need to be valued and possibly redefined in order to regain and maintain the intellectual health of academe in offering possibilities for creative learning spaces this innovative book provides key reading for those interested in the future of universities including educational developers researchers managers and policy makers

EBOOK: Learning Spaces: Creating Opportunities for Knowledge Creation in Academic Life

2007-11-16 a thought provoking guide to help you lean in to the discomfort of the unknown to turn creative opportunities into intentional design from stanford university's world renowned d-school navigating ambiguity reminds us not to run from uncertainty but rather see it as a defining moment of opportunity yves béhar founder and ceo fuseproject a design process presents a series of steps but in real life it rarely plays out this neatly navigating ambiguity underscores how the creative process isn't formulaic this book shows you how to surrender control by being adaptable curious and unbiased as well as resourceful tenacious and courageous designers and educators andrea small and kelly schmutte use humor and clear steps to help you embrace uncertainty as you approach a creative project first they explain how the brain works and why it defaults to certainty then they show you how to let go of the need for control and instead employ a flexible strategy that relies on the balance between acting and adapting and the give and take between opposing approaches to make your way to your goal beautiful cut paper artwork illustrations offer ways to rethink creative work without hitting the usual roadblocks the result is a more open and satisfying
journey from assignment or idea to finished product
