Every year one of every four people sustains injuries serious enough to require medical attention. Knowing what action to take in the first critical minutes of a medical emergency may mean the difference between life and death or permanent disability. This book stresses the do’s and don’ts of treating victims of all ages until professional help arrives. Caregivers and teachers need to know what to do when a child is injured or becomes suddenly ill. Most injuries that require first aid care are not life-threatening, however, first aid can sometimes mean the difference between life and death. This course is designed to give caregivers and teachers the education they need to effectively care for children. First aid takes action covers the material required for a semester-long first aid course. The focus is teaching how to recognize and act in any emergency and to sustain life until professional help can arrive. Quality content will feature information based on the 2005 national guidelines for breathing and cardiac emergencies including CPR, choking care, and using an automated external defibrillator (AED). Other information includes bleeding control, first aid for sudden illnesses and injuries, and remote first aid. Information is presented in a concise, easy-to-read manner that works as a handy reference after the course. A National Safety Council completion card for CPR and first aid is available with the course. when her young son was less than keen to sit still for an ice pack after a bump to the head, Annabel Wood had a wonderful idea: why not write a book for families and carers with a cast of fun and helpful characters teaching them about first aid? The First Aid Family is an early introduction to first aid and is a fun, non-threatening book for the whole family, inspiring kids to lose their fear of first aid and gain an understanding of just how these wonderful medical helpers work to make them feel better. Kids will love learning about how the different members of the First Aid Family can help them feel better and parents will be amazed at how much easier it can be to help their kids when injured or ill. All with the right information and approach, peppered with friendly characters and interesting info. The First Aid Family is a great tool for parents and carers and a wonderful and practical resource that will give children a solid knowledge of first aid that will stay with them throughout the years.
