A Compilation of the Laws of Illinois, Relating to Township Organization and Management of County Affairs 2017-09-01 this is the book executives have been waiting for it is clear with deep expertise but in nontechnical language it describes what cybersecurity risks are and the decisions executives need to make to address them it is crisp quick and to the point it doesn t waste words and won t waste your time it is candid there is no sure cybersecurity defense and chris moschovitis doesn t pretend there is instead he tells you how to understand your company s risk and make smart business decisions about what you can mitigate and what you cannot it is also in all likelihood the only book ever written or ever to be written about cybersecurity defense that is fun to read thomas a stewart executive director national center for the middle market and co author of woo wow and win service design strategy and the art of customer delight get answers to all your cybersecurity questions in 2016 we reached a tipping point a moment where the global and local implications of cybersecurity became undeniable despite the seriousness of the topic the term cybersecurity still exasperates many people they feel terrorized and overwhelmed the majority of business people have very little understanding of cybersecurity how to manage it and what s really at risk this essential guide with its dozens of examples and case studies breaks down every element of the development and management of a cybersecurity program for the executive from understanding the need to core risk management principles to threats tools roles and responsibilities this book walks the reader through each step of developing and implementing a cybersecurity program read cover to cover it s a thorough overview but it can also function as a useful reference book as individual questions and difficulties arise unlike other cybersecurity books the text is not bogged down with industry jargon speaks specifically to the executive who is not familiar with the development or implementation of cybersecurity programs shows you how to make pragmatic rational and informed decisions for your organization written by a top flight technologist with decades of experience and a track record of success if you re a business manager or executive who needs to make sense of cybersecurity this book demystifies it for you

Toxic Relationship Recovery 2014-06-01 research conducted by the national institute of mental health has shown that anxiety disorders are the number one mental health problem among american women and are second only to alcohol and drug abuse among men approximately 15 percent of the population of the united
states or nearly 40 million people have suffered from panic attacks phobias or other anxiety disorders in the past year nearly a quarter of the adult population will suffer from an anxiety disorder at some time during their life yet only a small proportion of these people receive treatment it is quite possible to overcome your problem with panic phobias or anxiety on your own through the use of the strategies and exercises presented in this workbook yet it is equally valuable and appropriate if you feel so inclined to use this book as an adjunct to working with a therapist or group treatment program

Mining New Gold—Managing Your Business Data 2014-03-11 a guidebook for the journey from exhaustion to enlightenment chronic multitasking and ever increasing demands on our time and energy have caused a neurochemically based dependence on sources of stress and stimulation to provide fuel for our chaotic lifestyles while this may boost performance in the short term studies have consistently shown that when stress hormones are elevated over time they create the worst form of internal wear and tear decreasing productivity wasting time and even killing brain cells as a result modern society is tired and wired suffering from physical exhaustion while mentally amped up and unable to get adequate rest stress in and of itself is not bad and is actually utilized for growth when balanced with adequate recovery the solution to stress addiction is to build in and prioritize optimal rest and relaxation on a holistic level body mind and spirit in order to consistently recharge and create a more resilient operating system stressaholic shows you how to win the war on stress without limiting progress by creating an optimal performance pulse of stress and recovery for life explains the impact of chronic stress on the human operating system body mind and spirit shows how a simple shift in mindset can dramatically alter physiological responses to stress reveals simple techniques for altering daily stress patterns to improve natural rhythms creating a personalized performance pulse with easy to implement tips and real world examples of people and organizations that have turned stress into sustainable drive stressaholic will guide you on your journey from exhaustion to enlightenment
